New DELHI 2 (INDIA) ;
The 3rd December, 1951 }

K. MITRA,
for Registrar General India.

NATIONAL
SAVINGS
CERTIFICATES

Available in three different series, maturing after 5, 7 and 12 years. The yield is 3%, 3.57% and 4.16% simple interest, respectively, at maturity. Thus, in the 12 year-certificates money increases by 50% on maturity. Interest is free of income-tax and super-tax and is not taken into account in arriving at the total taxable income

The certificates are obtainable from Post Offices doing Savings Bank business in denominations of Rs. 5, 10, 50, 100, 500, 1,000 and 5,000. An individual can invest upto Rs. 25,000, and two joint holders upto Rs. 50,000/-.

Full particulars obtainable from Post Offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

Deposits accepted in multiples of Rs. 100/- upto a maximum of Rs. 25,000 for a single depositor and Rs. 50,000 for two persons jointly. Interest at 3½% per annum (free of all taxes and not taken into account in assessing the total taxable income) is paid or remitted to the depositor's address every year.

Deposits accepted at offices of the Reserve Bank of India at Bombay Calcutta, Delhi & Madras, and Branches of The Imperial Bank of India in other places transacting treasury business.

Full particulars obtainable from District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioner, Simla

REMARKS

The figures of births and deaths shown in this statement for week ending the 10th Nov. 1951, relate to 193 towns with an estimated population of 26,486 thousands. The total number of towns is 250 and their population is 31,222 thousands. Thus 75% of the total number of towns representing 85% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 20,236 and 9,051 representing birth and death rates of 39.7 and 17.8 per thousand of population respectively.

(A) States (Parts A & O).—The data here relate to 167 towns with an estimated population of 23,014 thousands. Information about Assam, and Bihar, could not be included. The total number of towns is 219 and their population is 26,799 thousands. Thus 76% of the total number of towns representing 86% of the total population is covered. The numbers of births and deaths

recorded in these towns were 18,210 and 8,302 representing birth and death rates of 41.1 and 18.8 per thousand of population respectively. The table at the end gives the position by States.

No town recorded a high death rate of 50 or over per thousand of population.

(B) States (Part B).—The data here relate to 26 towns with an estimated population of 3,472 thousands. The total number of towns is 37 and their population is 4,423 thousands. Thus 70% of the total number of towns representing 78% of the total population is covered. The numbers of births and deaths recorded in these towns were 2,026 and 749 representing birth and death rates of 30.3 and 11.2 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population.
